Solutions for your success

## Horticulture solutions for your success.

Delivering innovative, custom solutions and cutting-edge products since 1982.

800.338.1136 | amahort.com

Container solutions to make this year's **Living Coral Pantone Colour** pop! Call us to help you pair our planters, pots and growing containers with 2019's vibrant colour.

### Staff Bio - Alex Frew

Kingsville and Leamington are home to a growing expanse of greenhouses – the largest concentration in North America. And with it comes an increasing pool of young horticulture talent. A.M.A. is delighted to have one such horti-brain join our team. As a recent graduate from the University of Guelph, Alex Frew is supporting A.M.A. customers, sharing her expertise and learning the business of horticulture.

"I've always been interested in plant genetics and research, knowing that we can leverage science to help growers be better stewards of their plants," says Alex, who graduated with a Bachelor of Science in Agriculture in 2017. "A.M.A. is a great place to be because they don't shy away from new ideas. In fact, they encourage innovative, solutions-oriented thinking. I want to be part of the fore-front of horticulture, and so does A.M.A."

Join us in welcoming Alex to our team and look for her at upcoming trade shows, including the International Society of Arboriculture Ontario meeting in Windsor on February 21, 2019.

## Hydrangea support ring solutions

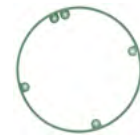

### Support Ring

Plant Support Rings brace heavy foliage from falling over, encourage uniform growth, and protect during sleeving and transport.

Size	5"	6"	7"	8"	9"	10"	12"	14"
Pcs/Box	1000	1500	1250	1250	500	500	450	400

### Stake Ring

Stake Rings support top-heavy or climbing plants, and conveniently replace cumbersome garden twine.

Size	4"	6"	8"	10"	12"	14"	16"
Pcs/Box	650	5650	650	650	650	650	650

### Cyclone Ring

The Cyclone Ring is a horizontal foliage support system that improves shape consistency of bushy plants.

Size	8"	10"	12"	14"	16"
Pcs/Box	300	300	350	450	550

## DRAMM

The **NEW QAV Shut-Off** is made in the U.S.A. and features robust construction for increased durability and longer life. The oversized handle is designed to provide easy finger tip water control. A simple quarter turn of the handle and the water is off, even with wet hands, The QAV Shut-Off is available as an accessory and on all the Sunrise™ and Classic™ Rain Wands™.
