### SHIPPING & FREIGHT:

Prices are FOB Kingsville, ON  
A.M.A. can ship to any USA or Canada destination  
Allow 2 - 5 weeks for delivery depending on season and tray

Tower: 43" x 43" x 96" - 1,000 lbs  
Bulk: 43" x 43" x 68" - 680 lbs

### MIXES AVAILABLE:

- Standard Mix - 80% Peat, 10% fine perlite, 10% coir, starter charge, wetting agent, RootShield
- Grow Mix - 60% Peat, 30% fine perlite, 10% coir, starter charge, wetting agent, RootShield
- High Porosity Mix - 45% Peat, 45% fine perlite, 10% coir, starter charge, wetting agent, RootShield
- A.M.A. Ellepot 40 Coir Mix - 50% Very high quality European white peat, 40% cocopeat (RHP certified), 10% perlite, starter charge, wetting agent, Triamum G (T22)
- Note: An SDS Sheet is available for RootShield and Triamum G*
- Organic Mix - 65% course peat, 15% fine perlite, organic starter charge, 20% coir(cocofibre pro organic), limestone - ECOCERT Certified
- pH Ranges: 5.4 - 5.9 except Organic: 5.5 - 6.5
- EC Ranges: 0.5 - 1.0 except Organic: 1.0 - 2.0
- We recommend you always test pH & EC prior to sticking and monitor as crop progresses, particularly with Organic Mix.
- P.O.'s should specify which mix & paper are to be used

### PAPER:

- AP - Standard paper on all Jumbo Ellepots - brown only - 120 - 180 day degradability - fungicide coating to reduce mold risk
- AP Landscape - Similar to AP, but faster degradation - 90 - 150 days - for bare root trees & shrubs and landscape contractors
- EP - Optional Paper - VeriFlora & FSC Certified Paper - white - more perforations than AP - 8 - 12 month degradability - no fungicide - limited stock
- FP - Standard paper on Propagation sizes - brown - degrades more slowly than AP or EP - 12 - 24 month degradability - fungicide coating to reduce mold risk
- OP Organic - 1 - 2 month degradability

*\*Many other tray options available, call for details.*

*NOTE: Degradability timelines are dependent on growing conditions and are not guaranteed Fungicide coating does not eliminate mold risk. Peat molds are naturally occurring in any peat mix.*

### STORAGE:

Ellepots are made to order and need to be used soon after their arrival. Storage is not recommended beyond 8 weeks, unless frozen. Certain conditions may warrant shorter or longer storage times.

### NOTES:

\* available spaced with half the Ellepots and available with 28mm length for sowing seed rather than cuttings - call for pricing  
Special Order: Minimums may apply - allow extra time  
Standard Size Trays: Ship on 43" X 43" pallet @ 28/53' trailer  
T-Size Trays: Ship on 40" X 48" pallet @ 26/53' trailer
